AGM

It was pleasing to see a good number at our AGM February meeting. After the formalities Ray McDonald did a presentation on Social Media What is it?

If you were not able to attend our AGM and would like to read our 2023 Annual Performance Report, you can find a copy on our website https://www.seniornet-eden-roskill.org.nz/ under the drop down menu **"Communications"**.

Enrolling in courses

There were many positive comments about our new computers and already Dawn Whiteman has been getting requests for courses especially for Windows 11.

Dawn has also created an online enrolment form on our website under the dropdown menu **"Learning"**, then Course Enrolments.

A reminder that you must put your name down for a course or workshop as we endeavour to keep the sessions small; either email Dawn or enrol via the website.

Open Day

Hetty Goodwin prepared material for our Open Day and our Tutors have distributed it. If you have friends, neighbours, or relations who might be interested in strengthening their skills in using modern technology please invite them along on Monday 11th March from 10am to 12noon. Those joining on the day will be able to take advantage of a discounted membership fee and of course there will be a welcome cup of tea or coffee.

A closing **thought Why do people still have landlines?**

To locate their cell phones when they go missing!

March Monthly Meeting – Monday, 18 March

Speaker: Edward Bennett, Historian

The monthly speaker for our March meeting will be Edward Bennett, Historian. Edward spoke to our group in 2023.

Edward has given a brief description of his subject "Auckland's Lost Buildings".

"The very central bit of Inner-City Auckland (north of Mayoral Drive and bounded by Victoria Park to the west and Grafton Gully to the east) contains 7000 buildings - and only 18% of them date from before the Second World War. That means there has been a great deal of rebuilding.

Edward will present an illustrated overview of the buildings which were once a feature of the Queen City - it can only cover a handful of the vanished wonders, but you will be astonished by some of the structures and their stories."

Apple Group

Monday, 25 March, at 1:30 pm.

Topic/Speaker to be Advised.
